By Order dated February 28, 2006, we asked the trial court to provide this Court more detailed findings to support its decision not to waive parental consent. We asked for a more detailed record of the court's reasoning in order to determine if the trial court complied with MCL 722.904(3). We asked the trial court to issue its supplementary findings within 48 hours and the trial court did so.

The trial court's March 2, 2006 "Supplementary Findings" elaborates upon the trial court's reasoning under MCL 722.904(3) and is consistent with MCL 722.904(3). The trial court sets forth in sufficient detail why he finds that the petitioner failed to carry her burden of proof that she either (1) had the maturity to make the abortion decision independent of her parents or (2) that waiver would be in her best interests. MCR 3.615(J).

The Court orders that the motion for reconsideration is DENIED.

Judge Cavanagh would grant the motion for reconsideration.
